Sir,

Subject: Survey - Frontier Boundary - British Territory and Mysore State - Bellary District - Suigraha village of Harpanahalli Taluk and Malagandanaahalli and Chajjihalli villages of Mysore State - Discrepancy - Joint verification - Report submitted.

Reference: Head Office Rec B.I. 1529-37 & 29.4.37

The joint verification of the Frontier boundary abutting Sroos 166 and 167 of Suigraha village, Harpanahalli Taluk, Bellary District was commenced on 24.6.1937 with the Mysore Representative and was completed on 26.6.1937. The sketch showing the boundary as laid down by us according to the initial survey records of the adjoining Mysore State villages, Chajjihalli and Malagandanaahalli, is herewith submitted with the signature of the Mysore Representative therein (Sketch A). According to the records of the British village Suigraha, the boundary in question was along LM and MN. The boundary as now laid down by us runs along L 4 3 2 1 N, the points 1, 2, 3 & 4 having been fixed according to the Mysore survey records. The plot LM 34 gets included in the Mysore State, while the plot MN 12 gets included in the British village Suigraha according to the boundary now laid down.

2. As regards the procedure adopted in fixing the points 1, 2, 3 & 4, reference is requested to

to sketch B which is a combined tracing from the initial survey maps of the Mysore villages Chappann and Malagandana hall showing the portion of the boundary abutting Singra-nalli village and the adjoining fields with measurements from the Dippam hooks of the above Mysore villages. The points P, Q, R, S in the sketch B correspond to points 4, 3, 2 & 1, respectively in the sketch A. The points P, Q, R & S were determined on ground from reference to the Mysore survey measurements from the points a, b, c, d, e, f, g, h shown in the sketch B which are identifiable on ground.

3. The theodolite stations L, M and N (vide sketch A) were on verification found to be correct, the angle at M agreeing correctly with the initial survey angle and the traverse distances LM and MN agreeing with the initial survey traverse measurements by a difference of 2 links only. The positions of the theodolite stations L, M & N have also been shown in red ink in the sketch B for reference.

4. At the point P and about 10 links north of Q (vide sketch B) there were British survey marks (field stones, viz. St. George's cross cut on the top). These were used for points 4 & 3 (vide sketch A) and two new stones were placed at points 1 & 2 and on George's cross cut on them.

5) Two new stones were taken from the village depot of Singra-nalli furnishing pass was to the village Munsiff. The duplicate pass was already submitted to H.O. ~~in the~~

I am directed to invite attention to the proceedings of
this Government No. 729-Revenue, dated the 3rd April 1937 and to state
that the joint verification of the frontier boundary between
Singrahalli village of the Bellary District and Malagondanahalli
village of the Mysore State was conducted by the representatives
of the Madras and the Mysore Governments from the 24th to the 26th
June 1937. A copy of the report of the Madras representative
regarding the details of the work done is enclosed together with the
sketches referred to therein. The Madras Government propose to
accept the boundary as relaid by the representatives and I am
directed to enquire whether this is also acceptable to the Mysore
Government.

2. The sketches may kindly be returned with your reply.
3. A separate communication will be sent as regards the
charges incurred in connection with the work.

I have the honour to be,

The Secretary to the Hon'ble the Resident in Mysore.

Dated Fort St. George, the 24th November 1937.

Sir,

Subject:- Survey - Frontier boundary - British territory and Mysore State - Bellary District - Singarahalli village of Harpanahalli taluk and Malagondanahalli village of the Mysore State - Joint verification - Incidence of cost.

In continuation of paragraph 3 of this Government's letter No.3542-E/37-1, dated 15th September 1937, I am directed to state that, excluding the charges incurred on the representative of this Government and his personal staff and on contingencies an expenditure of Rs.16-8-0 was incurred by this Government in connection with the joint verification of the above boundary as detailed in the statement enclosed. I am to request that the Mysore Government may be requested to make arrangements for the payment to this Government of half the expenditure viz., Rs.8-4-0.

MEMORANDUM No.3542-E/37-8, dated the 31st May 1938.

Survey - Frontier boundary - British territory and Mysore State - Bellary District - Singarahalli village of Harpanahalli taluk and Malagondanahalli village of the Mysore State - Joint verification - Incidence of cost.

Board's Refce.No.N.1573/37-5, dated 27th October 1937.

Letter to the Secretary to the Hon'ble the Resident in Mysore, No.3542-E/37-5, dated 24th November 1937.

Letter from the -do- No.F.246-37/R.O.II, dated 26th March 38.

In connection with the question of the recovery from the Mysore Government of a moiety of the expenditure of Rs.16-8-0 incurred by this Government on hired labour and the planting of boundary pillars during the joint verification by the representatives of this Government and the Mysore Government of a portion of the frontier along the village of Singarahalli in the Bellary district, the Government have under consideration the question of the general principles which should be followed, in the absence of specific agreements on the point, in making claims against another Government for the payment of a share of the expenditure incurred by them in the joint investigation and solution of discrepancies in frontier boundaries.

2. It has in this connection been pointed out to the Government that there can only be one boundary which is common to both parties though there may be two ways of indicating it, i.e. with reference to the survey and demarcation adopted by the respective Governments each from its own side of the common line. It has therefore been suggested that while it is advisable that both surveys should indicate an identical line and hence to the interest of both the Governments to incur expenditure on the joint investigation and solution of discrepancies, mutual expenditure should

stop

p 31 cf

p 41 cf

p. 42 cf

2.

stop there and that there would be no justification for a Government asking the other to pay for new or additional stones required, or for the labour hired to repair or renew stones, to rectify or complete the former Government's survey and vice versa.

It has also been suggested that any revision found essential in the records and demarcation of either Government should be made at the expense of the Government concerned except that in cases in which the boundary line is demarcated by only one set of marks the cost of replacing the marks etc. should be shared by the two Governments and that the share which the other Government should be asked to pay should be settled in advance before the joint investigation is undertaken.

3. The Board of Revenue is requested to offer its remarks on the suggestions made above and to state whether on the basis of the principles suggested, the Government may refrain from claiming from the Mysore Government a moiety of the expenditure referred to in paragraph 1 above.

Joint verification of the frontier boundary between Singarahalli village of Harpanahalli Taluk and Malagondanahalli village of the Mysore State.

With reference to your letter No.3942-E/37-5 dated the 24th November 1937, I am directed to forward a copy of letter from the Government of Mysore, No. Pol.1016/L.S.2-37-8, dated the 14th March 1938.

Copy of the letter from the Chief Secretary to the Government of His Highness the Maharaja of Mysore, No. Pol.1016/L.S.237-8, dated the 12/14th March 1938.

With reference to your letter No. F.246/37/R.O II dated the 14th December 1937 forwarding ~~the same~~ for necessary action, copy of letter No.3542-E.37-5 dated 24th November 1937 from the Government of Madras requesting the Mysore Government to pay them a sum of Rs.8-4-0 being half the expenditure incurred by them in connection with the joint verification of the frontier boundary between Singarahalli village, Harpanahalli taluk of the Bellary District and Malagondanahalli of the Mysore State, I am directed to state that the idea of joint verification was started by the Government of Madras in the first instance and the Government of Mysore accepted it as a matter of courtesy, although this Government was convinced that there was no need for such verification. The result of the inspection has only confirmed this view, as the settlement arrived at does not affect the survey records of the Mysore Government in any way.

2. In these circumstances the Government of Mysore feel that there is no justification for their meeting any portion of the cost incurred in this connection while it is to be noted that the Mysore Government have had to incur some avoidable expenditure arising out of the deputation of one of their officers for the purpose.

Prior to the commencement of the verification of
the Frontier Boundary mentioned above, the Mysore State
Representative had the boundary defined on ground by renewal
and repairs of the 'bands' as per the Mysore State Survey.
The correctness of these 'bands' was verified with the
data of the Mysore Survey.

2.The renewal and repair of the 'bands' were done
by the Mysore Representative with the aid of the villagers
of the adjoining Mysore Villages and not with the aid of
the measurers and coolies employed by the British Repre-
sentative. The latter were employed in the measurement
work besides stone planting.

boundary line is common to both
the Govts and it is essential
to verify or correct it. The
share of the cost to be borne
by either Govt. should be
settled in advance.

The Board may, perhaps,
agree with the principles
suggested by the Govts.

The Govt. also ask whether,
on the principles suggested,
they may refrain from
claiming the moiety of the
expenditure incurred in
the present case.

In the present case, the
other noticed discrepancies
between the survey records
and the state on ground
in the course of the annual
inspection of the frontier boundary.

That the Mysore Sy. records
were not affected doesn't
mean a dispensance our
Govt. decided to accept
the Mysore Survey of the
boundary - vide letter from
the Govt. at pp. 78 et seq.
what we want to know
definitely is whether the
Mysore Survey was defined on
the ground or whether it was
not and had to be fixed
by the representatives
with the aid of the coolies
employed by our Sub. Govt. The
L.D.'s report at p. 80 et seq.
is not very clear. I think O.M.C.T.
may be asked to ascertain from
the L.A. and report specifically
on this point.

 the Board may, perhaps, agree
 with the principles stated by the
 Govt. and they may be told that
 where it is essential in the interest
 of both the Govts to undertake
 a joint investigation and solution
 of discrepancies in the frontier
 boundaries the costs incurred
 in such joint investigation &
 verification should be mutual
 and that the share of cost to
 be borne by either Govt. should
 be ~~not~~ settled in advance.
